A BAPTIST MINISTER'S CHARGES.

Considerable discussion has been created in church circles in Baltimore by an article published in the London Christian Herald recently by Rev. J. H. Shakespeare, the eminent London Baptist divine. Some startling criticisms of American church life are made by Rev. Mr. Shakespeare, who was a prominent figure in the Southern Baptist Convention held in Baltimore last May, and he has but little to commend in the churches in that city. The intellectual standard of American ministers, he says, is very unsatisfactory, and he is astounded at the lack of organization in the churches of the United States.

The English divine was quite taken by surprise at the extreme simplicity and democracy of our American Baptist ministers. Instead of grave and reverend gentlemen, dressed in conventional, clerical attire, to which he was accustomed in England and which he fully expected to find here, he found to his acknowledged amazement, ministers dressing stylishly, and, what seemed most surprising, he found them wearing ties of all colors instead of the conventional black.

In speaking of the intellectual standard of American ministers, Rev. Mr. Shakespeare bewails the fact that men of ability leave the ministry for more lucrative fields, while the ones who remain are hardly worthy of their position. The best brains of America, he believes, are seldom found in the ministerial profession, and while he admits that this is true, to a certain extent, all over the civilized world, the United States, it seems to him, is the most striking example of that unfortunate situation.

The decay of the standard of American ministers is illustrated by the fact, to which Rev. Shakespeare directs the attention of his readers, that there are today in America no such ministers as Henry Ward Beecher and Phillips Brooks.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by W. F. Creighton and Richard Gibson.

A STRANGE PREMONITION.

A case of a premonition, which Coroner Blackwell regards as the strangest that has ever come to his notice, is that of W. A. Schwarze, of Springfield, Ill., who, without a summons, went to Indianapolis to look for a brother, John A. Schwarze, who he feared had encountered some danger or injury. He found the mangled body of his brother yesterday morning in the city morgue. He was killed Wednesday night on the Big Four Railroad, a mile and a half east of Brightwood. W. A. Schwarze told the coroner that he came to Indianapolis from a fishing camp near Springfield, where he was enjoying his vacation, obeying a strange feeling that told him some danger threatened his brother. He arrived Wednesday and went to the morgue to look at the unidentified body of a man who fell dead in an east Washington street basement. The body was not that of the brother, but Mr. Schwarze says he felt no relief and began a search. He remained over night in the city, and yesterday morning found the mangled remains of his brother in the morgue. He had been killed by a switch engine.

THE CHOLERA IN ITALY.

The cause of the epidemic of cholera which is now prevailing in some of the towns and villages of the provinces of Bari Delle Puglie, Italy, has not been officially determined. There have been 33 deaths from the pest. By some its origin is attributed to a tribe of gypsies who have been wandering through the district; by others to a party of Russians from Odessa, who went to Bari to visit the relics of their patron saint, St. Nicholas, and afterward tramped about the province sight-seeing. They employed for washing their clothes the buckets used in drawing drinking water from the wells and in this way may have contaminated the water supply in many districts.

Prani, a seaport on the Adriatic Sea, 25 miles from Bari, seems to be the principal center.

The residents of the infected districts were commencing to flee into the adjoining provinces and were resorting to religious processions and prayers to check the cholera, rejecting the services of the doctors and hiding the existence of the disease, rather than allow the sick to be placed in the quarantine hospitals.

King Victor Emmanuel and Queen Helena are displaying great anxiety over the outbreak of cholera in the south and the king has given orders that he be kept constantly informed on conditions in the infected regions.

The king has already intimated his intention of imitating his father, who in 1885, fearless of danger, proceeded

My Corns Don't Hurt a Bit.

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions. TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn-killer with your finger if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this:

"The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend—Sam. A. Hoover, Progress, N. C."

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous excretions which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it.

TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luthier Dodge & Co., Chicago, Ill.

to Naples and remained among the cholera patients who were dying at the rate of 1,000 daily. King Victor Emmanuel is reported to have said:

"If the scourge increases, instead of going to Montenegro, to take part in the festivities, I shall go where my people are dying."

The pope has sent instructions to all the bishops in the infected territory to employ every means in their power to aid in combating the scourge. They are especially instructed to enforce hygienic measures and to use their influence in the isolation of suspects.

FIRE IN BOSTON.

A threatening fire that apparently had been subdued broke out afresh yesterday in the wool district of Boston and caused a loss estimated at more than \$400,000. The fire which was in a five-story brick warehouse on Congress street occupied by Crimmins & Peirce, wool merchants, is believed to have been caused by spontaneous combustion. Two firemen were slightly injured by falling glass and several others had narrow escapes when a wall fell, following a back draft explosion. The new salt water high-pressure system recently installed was used for the first time in the city and gave satisfaction.

The loss is estimated at from \$350,000 to \$375,000. Damage to the building is placed at upward of \$50,000. Crimmins & Peirce carry an insurance of \$600,000.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by W. F. Creighton and Richard Gibson.
